

New Product Introduction

Low-Profile Miniature 32.768kHz Crystal

QT1CS (1.2 x 1.0mm)

Technology & Innovation

A special tuning-fork (32.768kHz) crystal design, housed in a miniature and low-profile ceramic package.

Performance

- Frequency Tolerance: +/-20ppm @25C
- Load Capacitance: 6pF, 7pF, or 12.5pF
- Operating Temperature: -40C to 125C

Applications

- Smart wearable
 - Wireless module
 - Mobile device
 - IoT
-
