

New Product Introduction

**Wide Operating Temperature
32.768kHz Crystal (-40C to 125C)**

QT3C (3.2 x 1.5mm)

Technology & Innovation

A special tuning-fork (32.768kHz) crystal design, with extended operating temperature.

Performance

- Frequency Tolerance: +/-20ppm @25C
- Load Capacitance: 6pF, 7pF, 9pF, 12.5pF
- Operating Temperature: -40C to 125C

Applications

- Networking equipment
 - Smart parking and meter
 - Outdoor wireless control hub
 - IoT
-
