New Product Introduction

Stratum 3, IEEE 1588 and SyncE Solution
High Stability TCXO

QTS750 (7.0mm x 5.0mm)

QTS532 (5.0mm x 3.2mm)

10MHz, 12.8MHz, 19.2MHz, 19.44MHz, 20MHz, 25MHz, 26MHz, 38.4MHz, 38.88MHz

Technology & Innovation

A specially designed fundamental crystal frequency with temperature compensation integrated circuit technologies, and 100% testing.

Performance

- Frequency Stability vs Temperature: +/-0.1ppm, +/-0.28ppm, +/-0.5ppm (-40C~85C)
- Free Run Stability for 20 years: +/-4.6ppm
- Aging: 1ppm/year
- Frequency Supply Voltage: 3.3V

Applications

- Base stations
- Core networks
- Small cells
- Test & measure instruments
- Medical instruments

QST Products Proprietary
